

## **Awakening [Hidden Track]**

Words & Music: Bernard Catania

All around the world, the sun is out, the air is changing  
Time to breathe again, be as one, for the awakening  
A new sound rising high, it will bring a revolution  
It's louder than the radio, can you feel it? Feel it coming

**This is the awakening, the clouds are high, but its not raining  
This is the awakening, we're flying high, whilst dawn is breaking**

Now the time has come, to lead the way, towards tomorrow  
A journey without end, be a light, with those who follow  
All the way we'll go, even though the darkness' falling  
We're not backing down, can you hear the Spirit calling?

**This is the awakening, the clouds are high, but its not raining  
This is the awakening, we're flying high, whilst dawn is breaking  
Can you feel it coming on? the sound of heaven slowly rising  
Together we are one, we'll fly to the Son, the Son that's shining**
